MRS. DUFFIN OF WILSON WARD DEAD

Mrs. Mary Ann Duffin, wife of Hezekiah Duffin, died this morning at 10:30 at the family residence at Wilson, droupy being the cause of death. The deceased was well known in the vicinity of her home and she had been an active Relief society worker.

Mrs. Duffin was born in England December 8, 1862. She joined the Latter-day Saints November 21, 1884, in her native country and came to Utah twenty-three years ago, locating in Weber county. She is survived by a husband and five children.

The funeral arrangements have not yet been completed and will be announced later.

KELLOGG NOT A CANDIDATE

New York, Sept. 17.—Frank B. Kellogg, the government "trust-buster," who has been prominently mentioned as a possible successor to the late Solicitor General Lloyd C. Bowers, is in New York.

"I don't believe that there is anything in it," was his comment when asked as to the rumors of his pending elevation to the position of solicitor general. At least this much is certain: I have not been offered this office and I have no expectation that I will be offered it. In any event, I could not accept it. I am not a candidate for any office whatsoever."

Mr. Kellogg is at work preparing arguments of the government in the Union and Southern Pacific merger suits, which come up in St. Paul on October 10. C. A. Severance will be associated with him.

Several European countries awarded him medals for bravery.

TO BREAK UP SUGAR TRUST

Government to Petition for Dissolution of the Concern

Washington, Sept. 17.—Confirmation of the report that a petition for the dissolution of the American Sugar Refining company has been completed by government officials was received here today. It was learned that the present intention at the department of justice is to file the suit in New York some time next week.

The action will be entirely independent of the criminal proceedings which have attracted such wide attention and resulted in a number of convictions.

PRIMARIES ON SATURDAY NEXT

The date of the Republican primaries has been changed from the 23rd of this month to the following day, Saturday, the 24th.

This announcement was made yesterday by the Republican committee, and the reason is given that the opening of the Four State Fair, the International Sheep Show, the Good Roads convention, the automobile parade in the evening, and the first day of the twenty-day racing meet on the 23rd of this month would conflict and probably hinder the proper handling of the primary elections on that date.

The change was consequently made to the following day, and it is expected that more attention will be given the polls on that date than if held when so many rival attractions were opening to attract the attention of the voter.

The date of the county convention will remain as formerly chosen, Sept. 29th, with the state convention set for Sept. 26.

BABY INCUBATOR ORDERED CLOSED

Louisville, Ky., Sept. 17.—The baby incubator show at the state fair was ordered closed by the police last night.

This action followed the death of two infants who were brought to this city by a Chicago physician. They came from a charitable hospital in Pittsburg. One of the infants, a boy, was eight weeks old, and the other a girl, four weeks old. Both died of inanition.

Dr. E. J. Meyer, in charge of the medical department of the city, says that the deaths were caused by lack of nourishment and improper feeding. Dr. Douglas Snyder of Chicago, who had charge of the baby incubator, says the deaths were caused by exhaustion incident to the long train trip.

A third infant, a girl two weeks old, is in a serious condition and it is believed she will die.

YOUNG MAN HELD ON SERIOUS CHARGE

Arkansas City, Kas., Sept. 17.—J. W. Shepard, uncle, the thirteen-year-old girl assaulted by an unknown man, in New Kirk, Oklahoma, yesterday, died last night, as the result of injuries received at the hands of the assailant. Before attacking the girl, the unknown man beat both J. W. Shepard and Taylor Shepard, father of the girl, into insensibility with an axe. Taylor Shepard died yesterday. Walter Cassidy, the young man arrested yesterday, in connection with the case, still is held.

The girl is yet unable to give full details of the murders and assault.

STREETER STILL HOLDS THE FORT

Chicago, Sept. 17.—Chief of Police Steward declined yesterday to risk the lives of his men by ordering them to march against the citadel of Captain George Wellington Streeter in the "district of lake Michigan" unless complaint against the captain is sworn to and made in writing.

The decision of the police official followed a complaint from a trust company that "Captain Streeter is a nuisance." They requested Chief Steward to order a detail of policemen over to the "district" and oust Captain Streeter and his "army" (himself and his wife).

The captain now lives in a house-motel. This house-motel, to which the trust company takes exception, stands at the foot of East Chestnut street, blocking that thoroughfare to traffic.

Chief Steward listened to the complaints of the company and then told them they must make their complaints in writing. When the written complaint is received, Chief Steward will take the outer request up with the corporation counsel for advice as to how he may proceed.

Meanwhile Captain Streeter and his "army" may sleep peacefully in their lake front "home" without fear of molestation from the police.

RAILROAD RACE WON BY AMERICANS

Vancouver, B. C., Sept. 17.—The British Columbia & Alaska Railway company, organized by a syndicate of New York bankers to build a railroad across southeastern Alaska and to Vancouver from Alaska, has beaten the Grand Trunk Pacific in the race for a route. With the Ottawa department of railroads rests the final decision on the preliminary routes, and the British Columbia & Alaska was the first to file these. The Americans had their engineers in the field fully two months before the Grand Trunk surveyors began. This is the second time the Grand Trunk has been engaged in a route race to Vancouver. In the former instance the Grand Trunk lost, and MacKenzie and Mann of the Canadian Northern won the decision of the Ottawa minister. Both had filed identical plans, but the Canadian Northern was first. If the American capitalists win their application for federal approval of their plans, they will reap a decided advantage.

ESTATE OF BARNETT.

New York, Sept. 17.—A contest is promised here over the \$400,000 estate of Aaron Barnett, who made his money as a blockade runner in the Civil war.

The widow and two children of one of his sons, Samuel Barnett, contend that he drew up a will on July 1, 1910, which left them \$300,000. The only will thus far produced in court left the entire estate to Gustav Barnett, another son, and Mrs. Sadie Rosenthal, a daughter now living in San Francisco.

Barnett, Sr., lived alone in his declining days. Shortly before his death his son Gustav removed him from his boarding house to apartment adjoining his own in an apartment hotel.

Another wreck victim.

KALISPEL, Mont., Sept. 16.—The fourth victim of the recent wreck of the Burlington eastbound passenger train at Coram, died today at White Fish. The man had been so badly crushed that there was no hope entertained of his recovery at any time. He is a foreigner and his name is unknown.

BURGLARIES IN NEW YORK

Police Searching Pawn Shops for Stolen Property

New York, Sept. 17.—A series of burglaries, which have occurred in New York during the last few days, netting the thieves a total of nearly \$80,000, are being investigated by the police, according to an announcement published today. No statement regarding the details of the robberies or the names of the persons who were robbed has been given out by the authorities, but detectives with lists of the stolen property are said to be stationed in all the big pawnshops and to have put the proprietors through a course of rigid questioning in an effort to trace the missing articles.

The loot appears to have consisted principally of jewelry and furs. The list of jewelry includes a diamond brooch, containing fifty-one diamonds, an equally valuable pearl and a diamond necklace and a number of other ornaments with stones ranging from two to six carats. Two hundred pieces of silverware, marked with a monogram and crest, is another feature of the list.

The conference will be held at 8 o'clock on the night of October 7 in the council chamber of this city, when a suitable bill will be drafted for presentation to the next legislative assembly. It will accept cities of the first and second class, and is designed to place the park boards on a footing similar to that of the school boards.

UTAH TURKEYS ARE DISEASED

SALT LAKE, Sept. 16.—Enterohemipatitis is the scientific name of a disease which now bids fair to wipe out a large part of the turkey family in Salt Lake county, if the experience of Shoppe & Odell, owners of the Bonnevill ranch, north of Salt Lake City, is reported elsewhere. To date the ranch has lost over forty turkeys. Two of the dead birds were brought to the city board of health this morning, and Dr. J. W. Treman and Dr. R. W. Ashley examined them. It is claimed that a few years ago the turkey business

of Rhode Island was practically put out of business by this same disease.

NEW PUBLIC SPEAKING LAW IS DISCUSSED

SALT LAKE, Sept. 16.—At a special meeting of the city council last night, called at the request of the chief of police, Councilman E. G. O'Donnell introduced a resolution prohibiting public speaking within the business section and the parks of the city, unless the speakers secured a permit from the chief of police.

The resolution met with some opposition. Councilman J. W. McKinney took the stand that the resolution was unconstitutional, that it was against free speech, and Walter C. Nye moved that the ordinance be made to cover the entire city instead of the business section and the public parks. The matter went over until Monday night, when it will be a special order of business.

DELEGATES TO PARK CONFERENCE

SALT LAKE, Sept. 16.—Delegates from the Commercial club, the Playgrounds' association, the public grounds and waterways committee of the city council and board of park commissioners, who met recently to discuss the advisability of advocating the passage of legislation providing for the levying of taxes to improve the city parks, have issued invitations to various public and semipublic organizations to meet in conference to discuss the problem.

Invitations were mailed yesterday to the mayors of Ogden, Logan and Provo, and to these city councils; to the Weber club of Ogden, the Commercial club of Provo and the Boosters' club of Logan; to the board of park commissioners of Ogden, the committee on public grounds and waterways of the Salt Lake City council and to the commercial club of this city.

The conference will be held at 8 o'clock on the night of October 7 in the council chamber of this city, when a suitable bill will be drafted for presentation to the next legislative assembly. It will accept cities of the first and second class, and is designed to place the park boards on a footing similar to that of the school boards.

HOW TO KEEP YOUR CLOTHES LIKE NEW

ADIES' or gentlemen's garments can be kept in beautiful condition until worn out—by taking frequent advantage of our dry cleaning and pressing service.

Our dry cleaning process removes the soil and stains from your clothing, freshens up the fabric, brightens the colors and raises the nap like new. It does not affect the life or color of even the most delicate or dull fabric.

Our pressing service takes out the wrinkles, creases and other marks of wear. It gives the garments a new like shape and fit. It removes all the bagginess in the knees and elbows, etc.

Every garment or article is handled in each part of the process by skillful, careful workers. We use the genuine French Dry Cleaning process of cleaning by spirits and solvents, and have a thoroughly up-to-date equipment.

You should send your garments to us, and take advantage of this service. No article of men or women's wear is too dirty for us to dry clean and finish satisfactorily—and our charges are not high.
